PACIFIC SALMON
FOUNDATION

RESILIENT COASTS
FOR SALMON 

ABOUT

Join Peninsula Streams and Shorelines and the Pacific Salmon Foundation's Resilient Coasts for Salmon Team to learn about climate-change impacts on the shorelines of East and South Vancouver Island and how nature-based shoreline protection solutions can benefit people and nature.

Upcoming efforts to deploy these solutions in Shoal Harbour (Tsehum Harbour and Roberts Bay) will be featured.

KYLA SHEEHAN & MARIA CATANZARO PROJECT MANAGER & PROJECT COORDINATOR, RESILIENT COASTS FOR SALMON

"Shorelines, People & Salmon: Coastal Modification, Climate Change and Nature-based Solutions for Eastern Vancouver Island"

KYLE ARMSTRONG RESTORATION COORDINATOR, PENINSULA STREAMS AND SHORELINES

"Forage Fish and Restoration Planning in Shoal Harbour"
